ADVICE AND TERMS.

No charges for packing Strawberry Plants, Flowering Bulbs or Raspberry Plants. Express charges, however, are not prepaid.

FRUIT TREES—From 25 cents to 50 cents will be charged for baling Trees and Shrubs.

TERMS:—Cash with order. Remittance may be made by express, post office order or draft on Kansas City banks.

THE PRICES herein quoted cancel all previous quotations.

PLANT RATES:—50 plants will be furnished at 100 rates, and 500 at 1,000 rates.

INSPECTION:—Certificate of nursery inspection will be attached to all bales or boxes or nursery trees.

Bell Phone 132.

C. G. HAWK

REAL ESTATE. LOANS AND EXCHANGES.

Farms in Kansas and Missouri for sale or exchanged. Merchandise bought, sold or exchanged. Farm and city loans at low rates. Lawrence city property for sale.

700 Mass. St.

Lawrence, Kansas.
SUBMIT herewith my Twenty-fifth Annual Catalogue. My berry cultural business was established in Kansas twenty-six years ago. I was the first grower and shipper of Lawrence strawberries to Denver. The past years I have given much valuable information on soil and cultivation of small fruits, but this information is now so widely published in fruit papers and the daily press, that I have cut it out of this catalogue. However, new patrons who desire some instruction will be supplied with some of my past years' Catalogues for a one cent stamp to pay postage.

Owing to having frequent inquiries for fruit trees, grape vines, and ornamental plants, roses and shrubs, I am now fully prepared to fill all orders for any kind of nursery stock. My packing and shipping has my own personal supervision. I have curtailed descriptive notes on varieties, but shall be pleased to answer by letter any inquiries sent with post stamp. I select varieties when patrons ask for my selection. Our sales yard and packing house is 1901, 1903 and 1905 south Massachusetts street, two blocks away from my city residence.

B. F. SMITH,
Lawrence, Kansas.

STRAWBERRIES

VARIETIES marked "Per" carry a perfect blossom; those marked "Imp" carry an imperfect blossom. Express charges are not prepaid on anything in this catalogue.

AROMA. (Per.) Best late sort, large bright scarlet. Price per 100, 60 cents.

AUGUST LUTHER. (Per.) A fine early sort, two days later than Excelsior. Price per 100, 60 cents.

BEBERWOOD. (Per.) Early, prolific, good size. Price per 100, 50 cents.

BUBACH. (Imp) Largest berry, late, good market variety. Price per 100, 60 cents.

BISSEL. (Imp.) Large size, prolific, profitable, mid-season. Price per 100, 60 cents.

CRESSENT (Imp) One of the old standards, very prolific. Price per 100, 60 cents.

CLIMAX. (Per.)
This new sort fruited first on our soil last year. Berries are large, dark scarlet, of fine flavor; plant a strong, vigorous grower. Price per 100, 75 cents.

CARDINAL. (Imp.) A new variety that is much praised by those who have fruited it. Price per 100, $1.00

EXCELSIOR. (Per.) Earliest strawberry so far produced. Its only fault is that it is too sour. Price per 100, 60 cents.

GANDY. (Per.) Gandy perfect—old, well known. Price per 100, 60 cents.

HAVERLAND (Imp.) Large, prolific, profitable. Price per 100, 75 cents.

MARSHALL. (Per.) Medium early, large, dark scarlet. Price per 100, 75 cents.

MRS. MARK HANNA. (Imp.) Mid season, fair quality. Price per 100, 75 cents.
MONITOR. (PER.) Here is a fine, large berry that sells on sight. But berries are too soft to ship. Price per 100, 60 cents.

DUNLAP. (PER.) This strawberry gives satisfaction over a wide extent of country. Berries are large, dark red. Price per 100, 60 cents.

RIDGEWAY. (PER.) This is a variety that gives satisfaction when climatic conditions are right. There is no discount on it. Price per 100, 75 cents.

SPLENDID. (PER.) Here is one of my best strawberries. I introduced it twelve years ago. Berries are large, and always satisfactory. Have more orders for it than any other. Price per 100, 50 cents.

VORIES. (PER.) One among the latest. Very productive, medium size. Price per 100, 60 cents.

OHMER. (PER.) Is not a great success here, but there is no discount on the berries. Price per 100, 75 cents.

PARKER EARL. (PER.) This is a wonderfully prolific berry where soil is just right. It has not been a success with me. Price per 100, 75 cents.

WARFIELD. (IMP.) Here is a strawberry that has but one fault, and that is a few week's drouth in fruiting season cuts the crop short. Price per 100, 60 cents.

Owing to the spring season of 1906 being very wet, and warm weather coming on before soil was dry enough to dig plants, I was unable to get my plants out in good season. Hence I have concluded to do a retail plant business, if next spring season is a wet one. Parties desiring plants by the thousand rates can write for prices. Tree nursery stock is mostly dug in the fall season and stored in cellars or storage frost-proof houses. But with strawberries they must be dug in the spring time.

BLACKBERRIES.

EARLY HARVEST. A very productive small berry; very good for canning. Price per doz., 50 cents; per 100, $1.50.

MESSERAU. One of the most productive blackberries. Ri-pens rather late; variety that continues in fruiting about four weeks. Price per dozen, 50 cents; per 100, $1.75.

KENOYER. Here we have a blackberry of Kansas origin that is the earliest of all blackberries. It is larger than the Early Harvest; cane is strong grower. Price per dozen, 75 cents; per 100, $2.00.
**BLACK CAPS**

**CUMBERLAND.** This now is the best black on the market. It doubled in product any other black sort I had in cultivation. Its wonderful productiveness will push it to the front for commercial purposes. Berries are larger than the Kansas. While the Kansas ripens all its fruit in a week, the Cumberland has a full three weeks' season continuous ripening; cane is a very strong grower. Though berries are large, they are firm enough to ship from Lawrence to Denver. Price per doz., 50 cents; per 100, $1.50.

**EGYPTIAN.** Medium in size, productive. Price per doz., 50 cents; per 100, $1.50.

**PROGRESS.** Earliest black, small. Price per doz., 50 cents; per 100, $1.50.

**KANSAS.** This variety is hardly up to its former habits of growth, but with all it is a very good raspberry. Price per doz., 50 cents; per 100, $1.50.

**BLACK DIAMOND.** (New,) This sort originated on my old berry farm. Berries are as large as Kansas, cane moderately hardy. Price per doz., 75c.

**RED RASPBERRIES.**

**CARDINAL.** (Dark Red.) Here is a dark red raspberry of Kansas origin. It is enormously productive where climatic conditions are right. Price per doz., 50 cents; per 100, $1.50.

**LOUDON.** (Red.) This probably stands the best chance for commercial traffic of all the red sorts. Berries are a bright scarlet, very large. The winter's climatic conditions, when severe, kills some of its cane growth, but followed up one year with another the Loudon is profitable. Price per doz., 75 cents; per 100, $1.50.

**MILLER.** This raspberry is a fine red sort, popular in the east. As to flavor, I prefer it to Loudon. Cane is perfectly hardy. Price per doz., 50 cents; per 100, $1.50.

Gooseberries and Currants

PLANT in rows five or six feet apart, and four feet apart in the row, in good soil. Scatter some well rotted manure each spring season around the bushes. Do not permit the branches of either currants or gooseberries to grow too thick. It will pay to prune lightly every spring season.

HOUGHTON. This is the most hardy and most productive variety. Price each, 10 cents; per doz., $1.00; per 100, $8.00.

DOWNING. Berries larger than the Houghton, but not so productive. Price each, 10 cents; per doz., $1.00; per 100, $8.00.

PEARL. Hardy, good quality, more productive than Downing. Price each, 10 cents; per doz., $1.25.

TRIUMPH. (NEW) Color whitish yellow, productive. Price each, 25 cents; per doz., $1.50.

CURRANTS.

FAY'S PROLIFIC. This is the best of the currant family. Price per doz., 75 cents.

RED DUTCH. This sort is not so large, but very productive. Price per doz., 75 cents.

PERFECTION. Very fine, new. Price each, 25 cents; per doz., $2.50.

FRUIT TREES

For several years patrons have asked me to fill their orders for fruit trees and ornamental stock, shrubs, roses, etc. In the past my reason for not doing so was that I desired to devote my entire time to the berry fruits. But now I am prepared to fill orders for everything wanted, fruit trees, roses, cannas, gladiola bulbs.

APPLE TREES, No. 1: Each 12c., $10.00 per 100.

| Early Harvest | Lowell | Jonathan |
| Astrachan | Winesap | Grimes Golden |
| Early Sweet | Missouri Pippin | Rawl's Jannet |
| Ben Davis | York Imperial | Rome Beauty |
| Carolina June | Gano | Sutton Beauty |
| Yello' Tr'nsp'r'nt Maiden Blush | | Woolf River |

PEARS: No. 1, 35c; No. 2, 25c.: $20.00 per 100.

| Bartlett | Anjou | Lawrence |
| Duchess | Sheldon | Kiefer |
| Seckel | Howell | Louise Bon |
| Garber | Keiffer | Beure Clairgeau |

CHERRIES: 25c. and 35c. each

| Baldwin | Early Richmond | May Duke |
| Dyehouse | Montmorency | English Morelo |

PEACHES: 10c. Each, $9.00 per 100.

| Early Rivers | Crosby | Old Mixon Free |
| Elberta | Salway | Stump |
| Smock | Carman | Champion |
| Crawford's Early | Crawford's Late | Triumph |
| Lemon Free | Heath Cling | Mountain Rose |

| Orange | Meeches(prolific), Missouri,mammoth |
| Champion | Bourgeat | Rae's Mammoth |

ROSES, Climbing, (Hardy): Each 25c.

| Baltimore Belle | Seven Sisters |
| Crimson Rambler | Dorothy Perkins |
| White Rambler | Baby Rambler, (50c) |
| Yellow Rambler | Queen of Prairie |

I have had splendid success with your plants. Have had thousands of plants from other nursemens, but none were in such shape as yours.

Respectfully,

H. M. Scruggs

I received strawberry plants today. Am well pleased with them. Could secure plants cheaper from others, but I wanted good plants, and felt sure I would get them from you.

R. W. Bishoff

I could furnish testimonials by the yard, but want of space forbids. The address of these and many others will be furnished if desired.

There is no class of flowers that will give more satisfaction than Summer Flowering Bulbs. They are not expensive. Every farmer and fruit grower should consider the matter of beautifying their homes. There is nothing in the floral line as attractive as gladiolas and dahlias. Try a few dozen. Express not paid.

GLADIOLA.

In a search of the floral kingdom one will not discover any flower so easily grown as the gladiola. There is an endless combination and range of colors. Although one of the easiest to grow, it is scarcely known among the farmers or gardeners.

As a cut flower it excels all others. For the best results cut the spikes when the first flower opens, put in a vase with fresh water. Renew water two or three times a day, and they will continue to bloom until all are out; keeps ten days or more. Plant bulbs in a well pulverized garden soil. Open a furrow about four inches deep and set them as you do onion sets, about four to five inches apart, then cover with soil about four inches deep.

GLADIOLAS. Mixed varieties, all colors. Price per doz., 35 cents; per 100, $2.00.

DAHLIAS.

GOLDEN BEAUTY. Large size, finest canary yellow. Price per doz., $1.00.

GIANT DARK RED. Free, early, continuous bloomer. One of the finest dahlias known on good soil, grows seven feet. Price per doz., $1.20.

RED HUSSAR. Best scarlet crimson, a very strong, vigorous grower. One of the best bright reds for cutting. Price per doz., $1.00.

SYLVA. One of the most valuable decorative dahlias ever produced; flowers from four to six inches in diameter. Price per doz., $1.25.

DOUBLE DAHLIAS. In separate colors, purple, dark red, scarlet, yellow, pink. Price per doz., 75 cents.

DOUBLE DAHLIAS. Mixture. Price per doz., 65 cents.

CANNAS.

ALLEMANIA. Six feet, green foliage, flowers very large and pleasing. Price per doz., 75 cents.

ALPHONZO. Six feet, green foliage, brilliant crimson Price per doz., 75 cents.

AUSTRIA. Six feet, pure canary yellow flowers. Price per doz., 75 cents.

CHICAGO. Five feet, green foliage, clear deep vermillion with purplish gloss. Price per doz., 75 cents.

DUKE OF MARLBORO. Finest of the deep crimsons, very attractive. Price per doz., 75 cents.

FLAMINGO. Six feet, green foliage, a rich velvet red; a canna sure to please. Price per doz., 75 cents.

FLORENCE VAUGHAN. Four and one-half feet, foliage green; famous canna of the fundi type. Collection incomplete without this perfect, ever bloomer. Price per doz., 75 cents.

PENNSYLVANIA. Six feet, largest of flowers, pure deep scarlet. Price per doz., 60 cents.
THE GARDEN MAGAZINE

IS THE first real gardening periodical ever published in this country. It is beautifully illustrated and superbly printed. Twenty-five departments cover every branch of flower, fruit and vegetable growing, trees and shrubs, coldframes and hotbeds, lawns, indoor plants, etc. It is filled each month with practical information and suggestion for making the garden and grounds more beautiful and productive. The double Spring Planting Number and the great Fall Planting Number are two of the most important gardening publications issued during the year in this country. They are indispensable. When purchased separately they cost twenty-five cents each; subscribers get them without extra charge.

...GARDEN INSURANCE...

You cannot afford to live another year without THE GARDEN MAGAZINE, because it is essential in making your garden successful and your grounds beautiful, and it will contribute immeasurably to the pleasures of your table. If you read it you are bound to have a better garden in spite of yourself, and it may save you on vegetables alone ten times the price of a year's subscription. It is the best garden insurance you can buy.

A PRACTICAL, A HELPFUL AND A READABLE MAGAZINE

These, among the regular departments that appear from time to time, indicate the broad scope:
The Rock Garden, Personal Experiences. Answers to Queries. Implements.
Southern Department. The Bulb Department. Etc., Etc.

ONE DOLLAR PER YEAR

DOUBLEDAY, PAGE & COMPANY

133-137 East 16th Street, New York

"I have learned more about practical gardening from the first numbers of The Garden Magazine than from all my reading of books and horticultural magazines for several years."—W. E.—, Indianapolis, Ind.

THE TOWN or THE FARM BEAUTIFUL

Public spirited men in all parts of the country are waking up to the importance of making home beautiful. If the reader of this page has not already made a beginning, start this year—plant here and there about the yard a flowering shrub, a rose bush or a bed of gladiolas or dahlias. Make your home beautiful and attractive, and your children will have no desire to go away to the city. B. F. S.
